**Areas of Focus**

**What was your impact?**

**Total number of direct beneficiaries:**

549

**Provide the method, schedule, and results for the measures you identified in the application. Add new measures if needed.**

**Disease prevention and treatment**

No.	Measure	Actual Measurement Method	Actual Measurement Schedule	Actual Results
1:	Number of communities reporting decrease in cases of disease(s) targeted	Direct observation	Every six months	200

**Who was responsible for collecting this information? (Select all that apply.)**

Host Rotarians

**Is the local community prepared to continue monitoring these outcomes?**

Yes

**Explain how you have supported individuals in the local community to monitor project outcomes. If your answer was no, identify who will perform this monitoring role.**

The doctor and nurse of three local health bureaus associate with doctor member of our club will contact the ill villagers through the way of visit and phone call to handle their health condition. We will have many meetings to discuss afterwards. Then we can monitor the project outcomes.

**Participants**

**Identify any Rotary clubs or districts other than the primary sponsors and financial contributors who were involved in this grant.**

No.	Organization	Club/District
-----	--------------	---------------

**Describe how the host and international Rotarians committed their time and expertise during the implementation of the project.**

On 6th Nov 2014, president of our club Building, secretary Lfe, Telecom, Glory, Doctor, PLUG, HONDA, ASSOCIATED WITH president of NISHINASUNO club Hiroshi Mashiko, Sakae Ohara, Hitosi Ota, visited the aboriginal county. At that time, meeting with the doctor of the local health bureau performed, and the right date, and the way of the medical service also decided. That made the project to go.

**How has the cooperating organization participated (if applicable)? What resources or expertise has the cooperating organization contributed?**

**Global Grant Record - GG1523820****Grant Title - Disease prevention and treatment****Report Type - Final****Report Status - Submitted****Host District - 3500****International District - 2550**

The Taoyuan General Hospital, Ministry of Health and Welfare is the cooperating organization. But it just do the lab job for the examination of blood samples yet.
